**Please ensure the certification wording as noted on page 6 is used, this is different for ID and Address verification*

Why do we need to conduct CDD when taking on clients?

Morningstar Wealth International Limited (WIL) is regulated by the Jersey Financial Services Commission (JFSC). As a regulated entity, we are required under Jersey's Anti-Money Laundering (AML) and Countering the Financing of Terrorism (CFT) Laws and Regulations to identify and verify all clients. This includes identifying their source of funds (SOF) and depending on several distinct risk factors, evidence of source of wealth (SOW), before we can do business. This is called Client Due Diligence (CDD).

This document is designed as a practical guide to assist your firm in obtaining the necessary CDD information and/or documentation from clients to support their application and the ongoing relationship we will have with them. **Please note** that all supporting documents must be in English or be translated into English if in a different language.

How to use this document

The CDD information required is determined by the type of client, and/or their risk profile which is determined by a number of different factors such as their place of residence or registration, the value of the investment, as well as any other client specific factors, for example if the client is a Politically Exposed Person (PEP). For ease of reference we have separated individual and corporate clients into two tables setting out the CDD requirements for each.

Please note that the receipt of accurate and correctly certified documentation at the outset will assist us in providing a quicker service and take-on process for clients.

For any **GIA or ISA** that is not funded within a 12 month period from approval, the application will be deleted and it will be necessary for a new application form and for refreshed due diligence to be provided as if it was a new account.

This practical guide is designed in easy-to-follow steps:

CDD documentation steps	
Step 1	Verification of identity and address where <ul style="list-style-type: none">• Client is an Individual; OR• Client is a Legal Entity Verification includes: photographic evidence and address verification
Step 2	Certifying documents
Step 3	Verifying Source of Funds and Source of Wealth
Step 4	Clients who are Nationals of Prohibited Countries
Step 5	FATCA and Common Reporting Standards (CRS)
Step 6	Send all required documentation to Morningstar Wealth Platform
Step 7	Trigger event and regular reviews (For existing customers only)
Appendix	Country Risk Rating Tables

Step 1 – Verification of identity and address

In order to verify the identity of a client, we require photographic evidence plus evidence of their residential address. The following table confirms the form(s) of identification and address verification that will be required to support an application based on the residency/nationality of the client(s). It may also be necessary for us to ask for up to date documents to be provided for existing customers at certain points during our relationship with them. As we will not meet the majority of our clients face to face, certified copies of any documentation will be required.

Individual (Sole or joint account)	
CERTIFIED IDENTIFICATION EVIDENCE (must be current and certified within the last 3 months)	<p>Any one of the following (please note that all identification documents must be in colour):</p> <ul style="list-style-type: none">• Passport• Driving licence• National ID card/residence visa <p>For HIGH risk customers, 2 forms of identification will be required.</p>

Please note that we reserve the right to ask for additional information or verification documents as and when required. Legal entities may also be required to provide a detailed AML questionnaire.

PHOTOGRAPHIC EVIDENCE:

We will accept a **certified** copy of the following:

- A current Passport
- A current National Identity card;
- A current Driving licence, where the licensing authority carries out a check on the holder's identity before issuing.

Please Note: the copy document MUST be in COLOUR and high resolution (a minimum of 300 dpi). Full page photocopies are preferred.

All documents must be certified and signed (with a “wet” signature) by a Suitable Certifier as noted in Step 2 including the following wording and details:

“I hereby certify that this document is a true copy of the original document that I have seen and a true likeness of the individual”	
Print Name:	
Signed:	
Date:	
Company name:	Company address:
Telephone No:	Email address:

ADDRESS VERIFICATION:

There are different forms of address verification, such as a utility bill or bank statement as noted within the table above.

All documents must be certified and signed (with a “wet” signature) by a Suitable Certifier as noted in Step 2, including the following wording and details:

“I hereby certify that this document is a true copy of the original document that I have seen”	
Print Name:	
Signed:	
Date:	
Company name:	Company address:
Telephone No:	Email address:

Please note that the use of video calls to present documents is not acceptable.

Locator Address:

Where an individual has a valid reason for being unable to produce more usual evidence of their residential address, we can accept the following:

Site Visit and Employer Letter

We can accept written confirmation from an individual satisfying the criteria for a suitable certifier, that he or she has visited the individual at the address or where the accommodation is being provided by an employer. The letter must be on headed paper and include the full address being confirmed as well as the name, address and contact information for the certifier. It should also include the reasons why the usual forms of address verification cannot be provided.

Locator address confirmation

If it is not possible to visit an individual's address to verify location, a "locator address" may be obtained but this is to be used in exceptional circumstances only and only with advanced approval from Morningstar Wealth International Limited. A "locator" address is an address at which it would normally be possible to physically meet or contact an individual (with or without prior arrangement), for example, an individual's place of work. This option should only be used in exceptional circumstances where all other options have been exhausted.

For a locator address confirmation to be acceptable we require a letter from the employer on company headed paper, addressed to Morningstar Wealth Platform and signed by a duly authorised representative detailing:

- The name of the employee;
- Confirming the length of contract with the company (dates to/from);
- Confirming that the employer has the means to locate and contact the individual on demand; and
- Confirmation that the employee is located at their office and would need to include the full office address.

Step 2 – Certifying documents

Suitable Certifiers

A suitable certifier must have met the person and had sight of the documents at the time they are being certified. The following individuals are permitted to certify documentation:

- A Director, officer or manager of a regulated financial services business which is operating in a well-regulated country or territory or of a branch or subsidiary of a group headquartered in a well-regulated country or territory which applies group standards to subsidiaries and branches world-wide and tests the application of and compliance with such standards;
- A member of the Judiciary, a senior civil servant or a serving police or customs officer;
- An officer of an embassy, consulate or high commission of the country of issue of the document being used as evidence of Identity;
- An individual who is a member of a professional body that sets and enforces ethical standards (e.g. Notary, Advocate or Accountant);
- An individual that is qualified to conduct certification services under authority of the Certification and International Trade Committee (e.g. Chamber of Commerce).

Please note that a person cannot be a suitable certifier if they are:

- Related to the person being identified by birth or marriage; or
- In a relationship or living with the person being identified.

Step 3 – Source of Funds and Source of Wealth

We have regulatory obligations to understand the Source of Funds and the Source of Wealth for all our clients.

Source of Funds (SOF) – This is the activity which generates the funds associated with this investment (e.g. client's occupation/business activities or transferring a pension or existing investment product). If SOF is from earnings, please detail the job title in the Profession field within the application form. If retired, please state the last employment (e.g. CEO of XYZ Ltd).

Source of Wealth (SOW) – This is distinct from SOF and describes the activities which have generated the total net worth of the client, not just the funds associated with this particular investment. This could be in the form of an inheritance or other business activities. It may be the case that your client's SOF and SOW are the same and this should be noted within the application form.

Evidencing the SOF and SOW

Evidence of SOF and SOW will be required as part of our enhanced due diligence (EDD) requirements if the client is classed as a Politically Exposed Person (PEP) or where there are higher risk indicators. To assist you in understanding how we categorise risk in different countries, please see the [Country Risk Rating tables](#) included in the Appendix. Examples of those indicators where a client could be classed as high risk include the following and this list is not exhaustive:

- the client is resident in or a national of a higher risk jurisdiction;
- the Adviser is based in a higher risk jurisdiction;
- SOF/SOW is from a higher risk industry (e.g. oil & gas, military/defence equipment, cryptocurrency, weapons supply/manufacture) for company accounts only;
- SOF/SOW is from a higher risk jurisdiction; or
- the value of the intended investment is over £500k (or currency equivalent).

Documentary Evidence

The below table provides examples of what is acceptable as evidence of SOF/SOW.

Please note that all submitted documents must be correctly certified and be in English or translated into English. More information on the certification process can be found in Step 2 [Certifying Documents](#). Morningstar Wealth reserves the right to request additional information and/or documentation as we deem necessary in order to satisfy our regulatory obligations and gain a full understanding of the client(s).

Digital or Crypto Currency - Please note that we will not accept funds directly from any digital or crypto currency account or a transfer agent that transacts in digital or crypto currency. All funds must be received directly from a bank account held with a regulated Bank.

International Pension Product (International SIPP)

Where SOW is required for our international pension due to residency, value or for another reason which triggers our enhanced due diligence requirements, and the transfer is from a UK registered pension scheme; to evidence SOW for the accumulated pension we will require a full biography evidencing the employment history related to the funding of the pensions to be transferred and detailing if it was employer, employee contributions or both which has made up the transfer value for each employment period.

We may ask for verification of employment and income or request a copy of a contribution statement provided by a previous pension provider.

In relation to SOF for the pension transfer we will require a formal statement from the previous pension provider/s providing evidence of the value and a breakdown of the accumulated pension benefits to be transferred.

Retired individuals

Morningstar Wealth understands that for retired individuals it may be difficult to obtain evidence of source of funds/wealth as retirement may have happened some time ago. In these circumstances, it is acceptable for a letter to be provided from a regulated firm or someone who would be considered as a suitable certifier, noted above, confirming how the wealth was accumulated.

Individuals not in employment

If an individual is not currently working we need to understand how the funds being placed into an investment have been accumulated prior to ceasing employment. In these circumstances, please provide details of the last role undertaken including annual income at the time the employment ceased, the job title, employment industry and employer name.

It is also common for non-working spouses to establish accounts in their own name and for funds to be paid by the working spouse. In this circumstance, we need information in relation to the SOF/SOW for the spouse which should include employment status, annual income, job title, employment industry and employer name.

We reserve the right to ask for evidence of SOF/SOW to support this information and this will be required in all circumstances if the relationship is high risk.

--	---

Electronic statements are only acceptable if they have been downloaded from the providers website, are saved in pdf format and show the name of the provider and the customer name and address. The use of screenshots is not permissible.

Step 4 – Clients who are Nationals of Prohibited Countries

As noted within the [Country Risk Tables](#), there are countries where Morningstar Wealth will not do business with for clients who are resident in or have close links to these countries. However, for nationals of these countries who are living outside of their home country, we may be able to onboard. However, we would need a full understanding of the links the client has to their home country. Please include the following information in the form of a letter on headed paper when sending through the CDD documents:

- What links the client has to their home country (such as whether they own property or hold bank accounts in the country and how often do they visit);
- Whether any income is derived from that country;
- When they left the country and information on their employment history, before and after leaving the country;
- Whether there is any intention to return to their home country in the near future

Please note that we will be unable to onboard Russian or Belarus nationals.

Step 5 FATCA and Common Reporting Standards (CRS)

A TIN or equivalent is required for FATCA and Common Reporting Standards. This information must be included within the application form.

If you have a US reporting requirement please include the relevant W8 or W9 form.

Jersey Residents:

For the purposes of reporting on Jersey residents, under the Inter-governmental Agreements (IGA), the taxpayer identification number (TIN) will be the taxpayer's Jersey social security number. Social security numbers begin with two letters, usually JY, followed by six digits, and a letter: A, B, C, or D. An example would be JY000000A. The TIN for a Jersey entity is the tax reference number, which takes the format of two letters and up to five digits.

Others:

Please find below some examples for what would be classified as a TIN:

- In the UK, the TIN is the Unique Taxpayer Reference (UTR) or the National Insurance Number (NINO).
- In Ireland, the TIN is the Personal Public Service Number (PPS No).
- In the USA, the TIN is either a Social Security Number (SSN) or an Individual Taxpayer Identification Number (TIN).
- In Hong Kong, the Hong Kong Identity Card (HKID) Number serves as a TIN for individuals;
- In Singapore, the National Registration Identity Card (NRIC) number is used;

Please Note: Where a jurisdiction does not issue a TIN or other unique identifier, date of birth will be used for reporting purposes.

Step 6 Send all documentation to Morningstar Wealth

Once documentary evidence is gathered, please complete the following steps:

- 1. Complete** the application form ensuring that **all** applicable fields are completed fully and accurately.
- 2. Attach** required [identification documents](#), including verification of address, and [evidence of SOF/SOW](#) if required and if the customer is a [national of a prohibited country](#), provide the bio letter on headed paper confirming the links to their home country. Include the relevant IRS tax forms (e.g. W8 or certain W9 forms), as appropriate.
- 3. Submit** all paperwork to:

Morningstar Wealth International Limited
3rd Floor, Salisbury House

1-9 Union Street, St Helier
Jersey JE2 3RF

Alternatively, if based in the **Middle East** or **Asia**, you can send the documents to:

Unit 4, Level 3
Gate Village 8,
PO Box 507343
DIFC, Dubai, UAE,

If you have any questions about the information contained in this document, please contact us as per below:

Phone: UK +44 808 178 5125, UAE +971 800 03 210 93, Hong Kong +852 3001 6033, Singapore +65 3138 6837

Email: advisersupport.mwp@morningstar.com

Step 7 Trigger event and regular reviews

As a regulated investment business in Jersey we are bound by our local regulations to undertake regular reviews of all existing customers to understand if any changes have taken place which would change the risk profile of the relationship. These reviews can happen when a trigger event occurs, such as a move to a different country or when the regular review cycle falls due. This requirement is noted within the [Money Laundering \(Jersey\) Order 2008](#) with guidance on the interpretation of the Order noted within the [AML CFT CPF Handbook](#) issued by the Jersey Financial Services Commission.

At the review stage, we have an obligation to understand the relationship as a whole and this often means that additional information or documentation is required which was not needed at the time of onboarding. We will therefore need to reach out to you at certain times in order to gain the required documentation and information to support the review. Please can you ensure that you give these requests your earliest attention.

Step 8 Receipt of funds

Please note that funds must be remitted to us from an account in the investors name to be acceptable or from another provider if funds are being transferred from an existing investment. We will not accept payments from third parties.

Appendix - Country Risk Ratings

The following risk rating tables have been established based on evaluations conducted by international bodies such as Transparency International and the Financial Action Task Force (FATF). The ratings tables should be used as a guide to assess whether a customer has links (such as nationality, residency, business links) to a higher risk jurisdiction (risk category 2 or 3) which could prompt the need for enhanced due diligence.

Please contact us regarding any countries that are not on the list to obtain guidance on acceptability.
