Part 1: Summary Terms: Features and Risks

Features of the Morningstar Wealth Platform

The Morningstar platform is a service which allows you to access:

- a range of Model Portfolios managed by discretionary investment managers (the “Managers”)
- held within a number of Product wrappers including pensions and ISAs provided by us or separate third party providers (known as “TPPs”).

We call it “the Platform”. The Platform makes it simple for your financial Adviser (your “Adviser”) to administer and manage your money. Our sophisticated technology helps them use the Platform efficiently, flexibly and transparently on your behalf over the medium to long term and in accordance with your needs and investment goals.

The Platform is provided by Morningstar Wealth Administration Limited which:

- undertakes all day-to-day administration of the Platform; and
- keeps your Assets (i.e. your cash and investments held in your Product(s)) safe.

Where we say “we”, “us” or “our” in this Features and Risks section, we are referring to Morningstar Wealth Administration Limited as the Platform provider and Custodian.

The Platform is ‘execution only’, which means that we do not make decisions on how your money is invested. You and your Adviser are responsible for checking that we have carried out your instructions correctly. We will not assess whether the sale or purchase of Assets are suitable for you. This is your Adviser's responsibility.

Your Adviser may also give you access to your own online investor portal where you can see the cash and Assets held on your behalf on the Platform.

Words which begin with a capital letter in this section and in the full Terms and Conditions have a specific meaning, which is explained in Glossary.

Key Responsibilities

Us	You	Your Adviser	The Manager
We provide and operate the Platform and hold your cash and investments safely as Custodian.	You must always have an Adviser to assess the suitability of you investing via the Platform and to give us instructions on your behalf.	Your Adviser will provide you with financial advice and recommendations.	Managers offer a range of Model Portfolios which are available on the Platform for your Adviser to choose from and recommend to you.
We transmit trade orders and facilitate the payment of fees to your Adviser and your appointed Manager.	You will have signed a separate agreement with your Adviser which sets out how your relationship is governed.	Your Adviser will act as your agent and as the main contact between you and us.	The Manager will use their discretion to select the underlying investments which make up the Model Portfolio, in line with its objectives and policies.
We provide a range of Products on the Platform ourselves (and make available others provided by TPPs).		This means that they will provide information and instructions to us and receive notifications and reports from us on your behalf.	The Manager will either be:

Products on the Platform

The Platform gives access to a wide range of different Products either provided by us directly or made available by us from TPPs. The Products available on the Platform are:

- **General Investment Account (GIA)** – a simple investment account provided by us and no restrictions on how much you can invest.
- **Stocks and Shares Individual Savings Account (ISA)** – you can invest up to the HMRC ISA subscription limit each tax year in our ISA.
- **Junior Individual Savings Account (JISA)** – we also provide an equivalent ISA account for children meeting the JISA eligibility conditions.
- **The Pension Account** – you can invest up to the government prescribed annual limits into our self-invested personal pension, operated by Morningstar Wealth Retirement Services Limited.
- **Third Party Product Providers**
 - 1) **Onshore Bond provided by CASLP**
 - 2) **Range of Offshore Bond providers**
 - 3) **Range of Pension providers**

Your Adviser will select the Product that is most suitable for you, and you will need to sign appropriate application forms directly with the provider. You and your Adviser can then opt to have some, or all of your monies managed on the platform in a Third-Party GIA.

Before you Apply

The Platform is available to individual investors, joint investors, corporate investors and trusts.

Important Documents

As with any investment structure, it is important that you are fully informed about the risks. Your Adviser must provide the following documents to you, and we recommend you read carefully:

- this document
- costs and charges information
- Product Key Features documents and supporting information
- Model Portfolio information
- Application form(s)

We strongly advise you to read the full Terms and Conditions that apply to the Platform and the Product(s) you have selected and any Key Features documents and ask your Adviser any questions you may have before you invest.

We are entitled to make changes to our Terms and Conditions once we have an agreement with you, but we will only do this on a proportionate basis and for the reasons and in line with any notice periods set out in the full Terms and Conditions, for example to enhance or alter the way we administer your Products.

How to Contact Us

Your Adviser will usually be your first point of contact, however, you can contact our support team by post at 1 Oliver's Yard, 55-71 City Road, London, EC1Y 1HQ, by telephone: +44(0) 808 178 5125 (Monday to Thursday 9.00am to 5.30pm and Friday 9.00am to 5.00pm) or by email at adminsupport.MWP@morningstar.com.

How it Works

Nominated Bank Account

Your nominated bank account is where we will pay dividends and withdrawals, and from where you are able to arrange for regular withdrawals or contributions.

Important: Your nominated bank account must be in GBP sterling and your own name. You must notify us in writing promptly if you change your bank and may be asked to provide us with certain information to evidence this. We will make all payments to you directly to this account.

Regular Contributions

You are able to make regular contributions into your Products held on the Platform where the terms of the Product allow. We will debit your nominated bank account on or around the 15th of each month. A minimum of £50 applies.

You can create, modify or stop contributions at any time free of charge. You must notify us by the 25th of the preceding month to ensure that the change will go into effect the following month.

Note: A Direct Debit facility is not available on all bank accounts. If a Direct Debit is rejected, we will not process the contribution for that month, and we will contact your Adviser to notify them of the rejection. If a Direct Debit is rejected for two consecutive months, we may cancel the Direct Debit, and your regular contribution will cease operating.

Initial Investment

After your initial investment has been received into the bank account designated on the application form and funds have cleared, we will send your Adviser confirmation, and we will endeavour to place any trades within the next two trading points.

Trades

Trading costs are kept to a minimum on the Platform. Where possible we may aggregate your trades with all other purchases or sales of a security. Please refer to "Additional Information" below for further details on how trades are placed. Please note that some funds may not trade daily.

Cash Buffer

You are required to maintain a small amount of cash in order to ensure there are sufficient funds to pay fees and charges. If at any time your cash buffer falls below the required minimum, (normally 1%), we may sell some of the investments held via your Product(s) to bring your cash back up to the required minimum level.

Income and Dividends

We will pay into your Product(s) any income within 10 Business Days of us receiving both the cash and a valid tax voucher. Income or dividends received on your behalf will by default form part of your cash buffer. If the cash held rises above the buffer, it will be automatically invested according to your current weightings. Alternatively, if the Product allows, you may choose to have the income paid away each month to your nominated bank account instead of being reinvested.

Interest

Morningstar Wealth Administration Limited retains all interest earned on client money. Morningstar Wealth Administration Ltd will set the rate of interest paid on cash holdings in line with the Cash Interest Policy. Full details of the policy including details of rates earned, paid and cash management charge are available at <https://morningstarwealthplatform.com/en-uk/legal-policies/>

Fees

If you invest using the Platform you will incur fees and charges. The costs and charges information document provides an illustration of your expected costs and charges and full details are set out in our Schedule of Fees and Charges. These include:

Initial Adviser Charge as agreed with your Adviser which is deducted by us when you instruct us to make the payment at the same time as setting up a single or re-occurring investment.

Ad-hoc Adviser charges – where you instruct us to make a one-off payment to your Adviser.

Ongoing fees which are deducted by us from your account each month while it remains open. These fees include:

- the ongoing Adviser Charge that you have agreed to pay your Adviser.
- the ongoing fees that you have agreed to pay your Manager.
- the fees charged by us as Custodian for custody and execution services.

Other fees and charges which include:

- any initial or ongoing product provider fees as stated in the relevant Product documentation.
- trading fees, which are deducted by us where applicable when investments held via your Product(s) are bought or sold.
- brokerage or other costs associated with the trading of listed securities.
- taxes, duties and withholding amounts (if any) applicable to the investment bought or sold or income credited to your Product.
- certain one-off charges as set out in our Schedule of Fees and Charges.

If we reasonably believe that you will be unable to make payments when due, we may in certain circumstances retain, transfer or sell Assets within your Product so far as is reasonably necessary to settle transactions entered into on your behalf or pay other of your outstanding liabilities, as further detailed in the full Terms and Conditions.

Managing your Product(s)

Your Adviser can provide you with secure online access to the Platform to view information about your Product(s). Your Adviser will have access to your information on the Platform and may also grant online access to related third parties (e.g. your tax Adviser or accountant).

Quarterly valuation statements will also be made available to you or your Adviser which will detail the opening balance of your Product(s) at the start of the quarter, the closing balance at the end of the quarter and the movements during the quarter. The statements will normally be sent at the end of the month following the previous quarter.

Making Additional Investments

You can add money to your Product(s) at any time by contacting your Adviser who will complete an additional investment request. You can then transfer funds via cheque or electronic transfer. Once funds have cleared, we will confirm receipt of the funds to your Adviser, and we will place any trades within the next two trading points.

Changing Personal Details

To change personal details such as your address or bank account, your Adviser must provide us with appropriate original documentation (or certified copies) and a letter with full details of the change.

Lump Sum Withdrawals

GIA and ISA

You will need to contact your Adviser to request a withdrawal from your GIA or ISA. You may withdraw:

- a lump sum that is less than the value of the Product (called a partial withdrawal), or
- the total value of the Product, which will close your GIA or ISA.

For all withdrawals we will place trades to sell the relevant holdings within the next two trading points. The associated trades that are instructed, whether for a partial or a full withdrawal, will accumulate as part of your cash holding until the full amount requested has been redeemed.

If you request a withdrawal that will take the value of your Product under £3,000, we reserve the right to refuse the instruction or to close your GIA or ISA and send you the balance less any fees due at that time.

For GIA or ISA closures, we will pay the remaining balance into your nominated bank account after all trades have settled. Your GIA or ISA will not be closed until all investment income has been received.

JISA

The JISA may not be closed, nor may any cash or investments be withdrawn from the JISA before the child's 18th birthday except under specific circumstances. Please refer to the JISA Terms in this document for further information.

The Pension Account

You are able to make withdrawals from your Pension Account or third-party pension product subject to HMRC rules and the provisions of the trust deed and rules. Ordinarily, you can only take pension benefits either as a pension or lump sum from the minimum pension age, currently 55 (57 from 6th April 2028); or if you wish to close your Pension Account this can normally only be done by a full withdrawal subject to pension rules, or by transferring to another pension arrangement through a recognised transfer. If not, this may result in an unauthorised payment tax charge.

For the Pension Account, please refer to the Key Features of the Pension Account below which explains how you can take your pension benefits.

Third party Products

For third party products you should refer to the documentation provided by the TPP. All payments in and out of the platform are instructed via the TPP.

Regular Withdrawals

GIA & ISA

It may also be possible to withdraw a regular amount from your GIA or ISA. Please speak to your Adviser for the available frequencies. We will withdraw from the cash in your Product on or around the 20th of each month and transfer into your nominated bank account. Unless otherwise stated, a minimum of £50 normally applies.

If there is insufficient cash in your Product, we may sell investments held in your Product to cover the withdrawal before it is paid out. If the total value of your Product is below the withdrawal amount, the payment will not be made into your account. We will then contact your Adviser to inform them that the payment has not been made.

You can create, modify or stop regular withdrawals at any time free of charge. You must notify us by the 25th of the preceding month to ensure that the change will go into effect the following month.

The Pension Account and Third-party Products

For the Pension Account, please refer to the Key Features of the Pension Account below which explains how you can take your pension benefits. This facility will only be available on the Pension Account if you meet the criteria required.

For third party Products you should refer to the documentation provided by the TPP.

Additional Information

Corporate Actions

We may receive communications from companies who have made changes that affect an investment held in your Product(s) (e.g. rights issues, tender offers, stock splits, dividends and mergers); these changes are called corporate actions.

With all corporate actions, if we have not received instructions from your Manager in sufficient time to act, we will choose to receive dividends and distributions in cash, which will be credited to your cash holdings within your Product. Generally, we will remain neutral and not vote at meetings of holders of the investment.

Taxation

You may have a direct beneficial interest in any Assets acquired and held in your Product(s). The tax rules that apply to holding, disposing of, and receiving income from those Assets may be the same as if you had acquired and held them yourself. Tax rules can and do change and you should always consult appropriate professionals.

Neither the Manager nor the Custodian has any responsibility for deducting capital gains tax before your investment (or any part of it) is paid out. You must declare any interest, dividends and capital gains on any investment to HMRC or other relevant tax authority.

We may be required to provide relevant government or tax authorities with details of your Product(s) held, including any income you have received. This information may then be passed onto the tax authorities of the country in which you reside.

Asset Protection

Your cash and investments are always held separately from the Custodian's own assets and from any sub-custodians with whom we place any cash or investments. Should the Custodian cease to operate, your cash and investments will remain yours and any insolvency administrator is obliged to return them to you.

Best Execution

We must act in line with our Best Execution Policy when you place an order with us, a copy of which is available at <https://morningstarwealthplatform.com/en-uk/legal-policies/>

Conflicts of Interest

Where we have a material interest in a transaction or a relationship with another party which may involve a potential conflict with our duty to you, then we will take all appropriate steps to manage that conflict of interest. This will be done in a way which ensures all customers are treated fairly. For further details of our conflicts of interest policy please visit <https://morningstarwealthplatform.com/en-uk/important-information-uk/>, alternatively you can request a copy from your Adviser or from us directly.

Privacy and Data Protection

For the purpose of the Data Protection Act 2018 (the "DPA") and the UK General Data Protection Regulation ("GDPR") and related Applicable Law, you are a 'data subject' and we are a 'data controller' which has consequences for how we may use, store or otherwise process any personal data provided by you, your employees, agents or representatives.

For full information about how we gather and store your information, please review our Privacy Policy at <https://morningstarwealthplatform.com/en-uk/important-information-uk/>.

Right to Cancel

Your cancellation rights are set out under our Platform (and any Product) Terms and Conditions. Please ensure you discuss the cancellation with your Adviser, there may be other charges that you have agreed to pay your Adviser where the payment was not made by us and therefore cannot be refunded by us.

For the **Pension Account** you will receive a cancellation notice which details what action you should take. For the ISA, JISA & GIA you will not receive a cancellation notice.

ISA, JISA & GIA – You have 14 days from the date you receive our confirmation we have set up your Product to write and tell us of your change of mind.

ISA Transfer – You have 14 days from the date you receive our confirmation of the completion of your transfer. If you decide to cancel the transfer, it is the purchase of the investment in the ISA that is cancelled, we will seek to return the proceeds to the previous provider, where they will not accept them, you will continue to have an ISA with us.

Pension Account – The Pension Account has separate cancellation rights, under which you have 30 days to change your mind. Please refer to the Key Features of the Pension Account below which explains further details.

Third Party Products – Please refer to documentation from the TPP in relation to any cancellation rights.

Making a Complaint

Should you have a complaint, it is recommended that your first point of contact be your Adviser who can help direct it as appropriate. We, your Adviser and the Manager each has internal processes for dealing with complaints promptly and fairly.

We take complaints seriously. Details of our complaint procedures are available at <https://morningstarwealthplatform.com/en-uk/important-information-uk/>. If you are unhappy about any aspect of our service, please contact us via:

Post: Morningstar Wealth Administration Limited, 1 Oliver's Yard, 55-71 City Road, London, EC1Y 1HQ

Telephone: +44(0) 808 178 5125 (Monday to Thursday 9.00am to 5.30pm & Friday 9.00am to 5.00pm)

Email: admindsupport.MWP@morningstar.com

If your complaint is not dealt with to your satisfaction and you are an 'eligible complainant', you can complain to the Financial Ombudsman Service, Exchange Tower, Harbour Exchange, London, E14 9SR or via its website at <https://www.financial-ombudsman.org.uk/>. Making a complaint will not prejudice your right to take legal proceedings. As

explained in clause 2 of Part 3, if the Manager treats your Adviser as their client rather than you, neither you nor the Adviser will be eligible to refer a complaint about the Manager to the Financial Ombudsman Service.

Financial Services Compensation Scheme

In addition to your rights under the agreements entered as part of your use of the Platform and your other statutory rights, you may be entitled to compensation through the Financial Services Compensation Scheme ("FSCS") in relation to our business or the business of the Manager or your Adviser. Under the FSCS, individuals and small businesses that have lost money through the fault of an investment firm which has been declared in default may qualify for compensation.

We are covered by the FSCS in respect of the custody and administration of your investments on the Platform. If you make a valid claim against us in respect of your investments and we are unable to meet our liabilities in full, you may be entitled to redress from the FSCS. The maximum level of compensation at the time of writing is £85,000.

All the banks we use are covered by the FSCS. If any bank we use fails financially, your cash remains segregated, and you should be covered by the FSCS if you are eligible to make a claim. The compensation limit applies to each separately authorised deposit taker. Currently £85,000, this limit relates to all of your savings with the banking licence holder not just your cash holding on the Platform.

Further information on the FSCS can be obtained from the FSCS, 10th Floor, Beaufort House, St Botolph Street, London, EC3A 7QU or at www.fscs.org.uk.

Following your Death

Your Adviser will continue to be able to access the Platform after your death, until we are otherwise instructed by your validly appointed personal representative(s). The Terms and Conditions will continue to bind your estate until terminated by your personal representative(s) or survivor(s), or by us giving notice to your validly appointed personal representative or survivor(s). We will act in accordance with their instructions as further detailed in the full Terms and Conditions.

Risks

It is important for you to obtain personal professional advice about your financial circumstances and needs as well as the suitability of any particular investment.

What is being offered?

Your Adviser has provided you with a personal recommendation to hold some of your investments in a discretionary managed portfolio. Any investments or changes to investments held via your Product will be executed by us.

Is the Investment Mandate suitable for me?

Your Adviser must assess the suitability of the Service and the individual Investment Mandate for you in the light of your individual circumstances. Your Adviser will make a personal recommendation based on this suitability assessment.

If you are in any doubt about the suitability of your Investment Mandate or indeed the Service as a whole, please consult your Adviser or other appropriate professional.

Risks of using the Platform to invest

Custody

We are authorised by the FCA to safeguard and administer investments and hold the cash within your Product(s) and will do so in accordance with FCA Rules designed to protect your investments and cash. However, there are still risks associated with a custody service. In particular, where you have assets registered or domiciled in jurisdictions outside the UK, the settlement, legal and regulatory requirements in the relevant overseas jurisdictions may be different from those in the UK, and there may be different practices for the separate identification of investments. We may need to appoint a sub-custodian in the relevant jurisdiction.

The consequences for you of the sub-custodian's insolvency would depend on local insolvency laws and the effective segregation of your investments by the sub-custodian. We may also pool your Assets with Assets held for our other clients. Any shortfall in the number of Assets which have been pooled for which we are not responsible may have to be borne in proportion to your and our other clients' recorded holdings in the event we are not able to recover the full quantity.

Investment Risks

There are risks associated with investing and these largely depend on the investments you choose to invest in. Your capital may be at risk. For more detailed information please refer to the relevant documents for your chosen manager models and products, which your Adviser will provide to you. The fact that an investment is available on the Platform does not imply that it is suitable to your needs. It is your Adviser's responsibility to ensure that the investments recommended are suitable for your needs. If there is anything that you do not understand or agree with, you should discuss this with your Adviser before investing.

Part 2: Key Features of the Pension Account

keyfacts®

The Financial Conduct Authority requires us, Morningstar Wealth Retirement Services Limited, to give you this important information to help you to decide whether the Pension Account is right for you. You should read this document carefully so that you understand what you are investing in and then keep it safe for future reference.

The Pension Account is a UK registered pension provided and operated by Morningstar Wealth Retirement Services Limited. It has been established under the Finance Act 2004 for the sole purpose of providing pension and lump sum benefits for eligible individuals.

The Pension Account is a self-invested personal pension which is a type of personal pension that offers much wider investment powers than are generally available for personal pensions.

Its Aims

Your Pension Account should be viewed as a long-term investment designed to provide you with a lump sum and/or income in retirement. You can use it to build up a sum of money which can then be used to provide you with an income in retirement. It can offer a lot more freedom and choice than some other types of pensions, allowing you to work with your Adviser to invest your pension fund independently and take income flexibly, subject to rules set out by HM Revenue & Customs (HMRC).

It offers a way to save efficiently and flexibly for the future and allows you to take advantage of the tax benefits of a pension. It can:

- Allow you to make regular contributions, invest lump sums and transfer in monies from previous plans to build up a pension fund.
- Provide you with a flexible pension that can meet your changing needs and personal circumstances.
- Offer access to some of your fund tax free when you start taking your pension.
- Allow one-off lump sum withdrawals.
- Provide for your beneficiaries in the event of your death.
- Allow you and your financial Adviser to make investment decisions for your future and retirement; and
- Provide access to a wide range of underlying investments.
- Allow you to purchase an annuity on the open market from a separate provider

Your Commitment

It is important you understand the product features, benefits and risks so that you can ensure the Pension Account meets your needs and expectations. If anything is unclear, please speak to your financial Adviser.

You must appoint an Adviser and seek advice on whether the Pension Account is right for you and on the investments, you choose to hold within your Pension Account. You will maintain a relationship with your Adviser and should review your Pension Account regularly. You and your Adviser should discuss your contributions and transfers into the Pension Account and should also make decisions about whether and how often to take benefits from your Pension Account.

You will need to make at least one payment into your Pension Account. This could be a transfer from an existing pension, a contribution from you, another party e.g. spouse or parents or your employer. There is no commitment on your part to continue making contributions and there is no penalty for ceasing or reducing contributions. You must keep your money invested until the 'Minimum Retirement Age' which is normally no younger than 55 (57 from 6th April 2028). You will need to pay the charges set out in the Schedule of Fees and Charges and will maintain enough cash within your account at all times to settle these charges. Some of these charges will be payable whether or not you are making payments into the Pension Account, and so you should be aware that charges can reduce the fund available to provide you with benefits.

Key Risks

There are five main areas of risk that you should be aware of when considering starting a Pension Account. These are listed with further detail below.

Contributions into your Pension Account

The frequency and level of contributions into your Pension Account will impact the benefits that you are able to take in future. You may lose out on potential investment growth if you delay contributions into your Pension Account. There is no maximum contribution, but any contribution that exceeds your Annual Allowance may attract a tax charge.

Investments held within your Pension Account

The value of the investments held within your Pension Account, and the income which they generate, may fall as well as rise. This could mean that you may get back less than you invested. The performance of your chosen investments will affect the amount you get back when you retire.

Your chosen investment may not grow at the rate you anticipate or at the rates detailed in your personal illustration. Likewise, the impact of charges may be higher than you anticipate (especially if the value of your Pension Account is small and the Manager deals frequently, resulting in disproportionately high trading costs) and the value of your Pension Account could be eroded. In either case, you may not receive as much income in retirement as you had hoped.

Some investments may need to be held for the long term in order to achieve the desired returns and in all cases, past performance should not be taken as an indication of how your chosen investments will perform in future.

You and your Adviser will make investment decisions in relation to your Pension Account; however, you should be aware that some investments carry a higher degree of risk than others. Your Adviser will provide you with full information relating to the investments selected.

Cash and investments held within your Pension Account often benefit from significant tax advantages to those held outside your Pension Account. However, tax rules can change and may vary depending on your individual circumstances (such as your country of residence).

Taking Benefits from your Pension Account

You should be aware that your Pension Account may not be sufficient as sole provision for your retirement.

If you start to take benefits earlier than you originally intended, your pension fund may not be able to sustain an income for your whole retirement.

Taking withdrawals from your Pension Account will reduce the overall value of your Pension Account. In particular, if you make withdrawals when investment returns are low, this increases the risk of your Pension Account's value reducing quicker than expected.

The rules governing the amounts that you can draw from your Pension Account may change in the future.

Charges Associated with your Pension Account

The charges associated with your Pension Account may change in the future. Some of these charges are subject to VAT at a rate set by HM Treasury and this rate may increase in future.

The charges and Adviser fees associated with your Pension Account will erode the value of your Pension Account. If the value of your Pension Account falls or when investment returns are low, then the charges associated may become disproportionate and no longer be suitable to your needs.

Government Policy

The payment and withdrawal limits in place, age restrictions, associated tax benefits and tax charges and other aspects of pensions are defined by Government and are therefore subject to change in the future.

Each of these risk factors can affect the level of income that you may be able to take in retirement and so it is important that you fully understand them and discuss them with your Adviser before you proceed.

Questions and Answers

Who are the Morningstar Wealth parties involved in the Pension Account?

As a style of a registered pension scheme, the Pension Account is subject to a trust. The trustee to the Pension Account is Morningstar Wealth Retirement Trustees Limited. The trustee holds the cash and investments within your Pension Account on your behalf.

The trustee appoints Morningstar Wealth Administration Limited as custodian to provide safe custody of the cash and investments within your Pension Account. Morningstar Wealth Retirement Services Limited is the operator of the Pension Account and undertakes the day-to-day administration. It is authorised and regulated by the FCA and is entered on the FCA register, registration number 462660. Where we say “we”, “us” or “our” in this Key Features document, we are referring to Morningstar Wealth Retirement Services Limited as the Pension Account operator.

We do not provide any financial advice, either in relation to the Pension Account or your investments within. We may from time to time provide information regarding your investments, but this is solely so that you and your Adviser can make decisions and is not a recommendation from us.

Is the Pension Account a Stakeholder Pension?

The Pension Account is not a stakeholder pension. Stakeholder pensions are widely available and might meet your needs as well as this scheme. You should ask your Adviser what type of pension is most suitable for your needs.

Who can have a Pension Account?

Most people are eligible to have a Pension Account so long as they are over the age of 18 and are willing and able to make at least one contribution or transfer into the Pension Account.

We may agree to admit members under the age of 18. The Pension Account is open to investors who are not resident in the UK subject to certain conditions.

How do I apply for a Pension Account?

To apply for a Pension Account, you must complete an application form and any other relevant documentation we ask you to. Before applying, you should read this Key Features document, Investor Terms, the Schedule of Fees & Charges and the Pension Account Terms. If you have any questions, you should ask your Adviser about them before applying.

How much can I pay into the Pension Account?

There is no limit on the amount that you or your employer can contribute to the Pension Account in any one tax year. However, there is a limit on the amount of tax relief you can obtain on your own personal contributions.

Tax relief will be available on contributions (to any personal pension, not just the Pension Account) up to 100% of your taxable earnings in the tax year. If you're not currently working, or earning below £3,600, you can still make pension contributions, but you'll only receive tax relief on contributions up to £3,600.

If the total contributions paid by you and your employer to all registered pension schemes exceed either the Annual Allowance (or, after you have started to take your retirement benefits, the Money Purchase Annual Allowance), you may (depending on

Annual Allowance:

Money Purchase Annual Allowance:

Replaces your Annual Allowance after you've started to take certain retirement benefits from your pension(s). The current Money Purchase Annual Allowance is £10,000 (2025/26 tax year).

Lump Sum Allowance

The maximum sum an individual can withdraw from a registered pension scheme as a tax-free lump sum.

This is usually 25% of the value of your pension up to a maximum tax-free sum of £268,275. Where protection is held this limit may be different as will be subject to the individual's protected sum.

your personal circumstances) be subject to a charge on the excess. In certain circumstances, you may be able to carry forward unused allowances from previous periods. There is no restriction on the amount of pension fund savings that you can accumulate.

Can I transfer from other pension schemes to the Pension Account?

You may be able to transfer from another registered pension scheme to the Pension Account.

Before initiating a transfer, you should seek professional advice on the merits of the proposed transfer which is specific to your circumstances. Instructions to transfer pensions arrangements will only be accepted via your financial adviser.

What investment options do I have in the Pension Account?

All monies received into the Pension Account are invested via the Platform, which allows you to access one or more Model Portfolios that suit your investment aims following advice from your Adviser.

Can I change the investments within my Pension Account?

You can make changes to the investments held within your Pension Account via your Adviser.

What are the charges?

The charges for the Pension Account are set out in the Schedule of Fees and Charges.

There will also be charges for the investments you choose to hold in your Pension Account, as well as for the use of the Platform.

Your Adviser will also charge a fee for the work they do in assisting you to manage your Pension Account. We allow the cost of financial advice to be paid from your pension fund, but we will need your prior written authority to pay these fees.

How can I find out the value of my Pension Account?

We will send you a valuation statement and illustration each year. This will help you decide whether your pension arrangements are likely to meet your retirement objectives. Your Adviser can also give you access to our investor portal so that you can see the value of your Pension Account online.

What will I get back?

The amount you will save for your retirement will depend on a number of factors including the amount you pay in, the performance of the investments you choose, the charges you pay and any withdrawals you make.

How do I withdraw my money?

You can only withdraw your money when you reach the minimum age set by HMRC, which is currently 55 (57 from 6th April 2028). You do not need to have retired to take an income from your Pension Account. However, you may be able to take retirement benefits at an earlier date, for example if you are suffering ill health.

In what form can I receive benefits?

You have the freedom to decide how you use your pension fund(s), and there are a number of pension benefit options open to you to make the most of your money. Subject to our agreement and meeting any HMRC conditions benefits are paid at the sole discretion of the trustee and operator of the Pension Account.

To help you make your decisions, the Government has introduced a free and impartial guidance service, known as Pension Wise. Find out more about this service at <https://www.moneyhelper.org.uk/en/pensions-and-retirement/pension-wise>. This service offers guidance, not advice, about your retirement options.

While you are free to use the Pension Wise service, we insist that you have an appointed Adviser at all times to help you manage your Pension Account. We may ask you to confirm that you have received advice before proceeding with certain actions like taking benefits.

There are broadly three ways in which you can take benefits from your Pension Account:

Flexi-Access Drawdown allows you to take an income of whatever amount you choose in whatever frequency you choose. The maximum you can take is only limited by the value of your Pension Account. Up to 25% of the amount may be taken in the form of a tax-free lump sum, with the remainder taxable as a pension payment.

Drip-feed Drawdown allows you to take an income of any amount or frequency you choose. The maximum amount you can withdraw is limited only by the value of your Pension Account that has yet to be crystallised. This enables you to receive a regular income composed of both tax-free cash and taxable income. Typically, up to 25% of the regular income can be taken as tax-free cash, while the remainder can be taken as taxable income. The value of any crystallised benefits

not withdrawn as income will remain invested in your Pension Account and can be used to fund future taxable income withdrawals.

Uncrystallised Funds Pension Lump Sum is a single or series of lump sums from the uncrystallised part of your Pension Account (that is, the part of your Pension Account that is not allocated to providing you with retirement benefits). 25% of each lump sum will be tax free, with the remainder taxable as a pension payment. These payments are subject to Lump Sum Allowance.

Capped Drawdown. No new capped drawdown arrangements can be set up after 6 April 2015, but if you have an existing capped drawdown arrangement in place, you may continue to take benefits in this way. Capped drawdown allows you to choose to take income up to a maximum limit set by HMRC rules.

The maximum limit is recalculated at least every three years if you are under 75, and every year if you are 75 or over. This recalculation could mean your maximum level of income may reduce or increase. If you choose an income over the maximum limit, your capped drawdown will automatically convert to flexi-access drawdown, and you will become subject to the Money Purchase Annual Allowance.

Taking your retirement income in one of these ways allows you to continue to benefit from the potential for investment growth in your Pension Account, because your Pension Account will remain invested in the investments you have chosen.

As an alternative, you can also use some, or all, of your Pension Account to purchase an annuity from an insurance company. If you choose to purchase an annuity, you exchange your Pension Account for a promise from the insurance company to pay a guaranteed income to you for the rest of your life or for a fixed number of years.

Pension payments from us are subject to PAYE and are payable monthly on the 25th of each month. Where the 25th falls on a weekend or bank holiday, the payment will be made on the working day immediately before the 25th.

You can commence, modify or stop taking pension payments by letting us know by the 12th of the month. If you let us know later than this, the change will take effect the following month. Pension payments can only be made where the trustee has available funds to do so.

What happens to my pension fund when I die?

If you die before reaching age 75, your Pension Account can be paid out as one or more lump sums and/or pension payments without tax being payable. Normally no income tax or inheritance tax will be payable on a lump sum paid in this way, although it will be subject to the Lump Sum Death Benefit Allowance.

On death after 75, tax charges will be applicable on payments from the Pension Account at the beneficiaries' marginal tax rate. A marginal tax rate means the tax rate applicable to an individual's "next £1 of income", i.e. having already factored in any personal allowance and other income.

Can I transfer to another pension scheme?

You can transfer part or all of your Pension Account to another UK registered pension scheme providing that the scheme meets all necessary conditions.

Transfers to a "Recognised Overseas Pension Scheme" require a great deal more due diligence and even where the scheme appears on the 'ROPS list' provided by HMRC, we may, where we consider it in your best interests, refuse to make the transfer.

Transfers to ROPS will be tested against the Overseas Transfer Allowance.

Transfers to a new scheme can be either cash or investments or a combination of the two. However, you should be certain that your new pension scheme can accept the Assets that you wish to transfer before instructing us.

If you want to transfer your pension after you have started taking benefits, the entire amount of your Pension Account that has been used to provide these benefits must be transferred to the new pension scheme at the same time.

Please note Morningstar Wealth Administration Limited as custodian may charge to sell the investments (and transfer your Pension Account in cash) or to re-register the Assets to the new pension scheme.

Can I change my mind?

You have 30 days from the date you receive our confirmation that we have opened your Pension Account to write and tell us of your change of mind. You also have 30 days from being notified of your rights to cancel a request to transfer an existing pension into your Pension Account.

If you wish to change your mind, please do so by writing to us at 1 Oliver's Yard, 55-71 City Road, London, EC1Y 1HQ. By cancelling your Pension Account, your agreement with us to provide your Pension Account comes to an end and we will return any monies we have received, less any fall in value as a result of fees, charges and/or negative investment returns.

If you made a contribution into your new Pension Account, a refund of that amount will be returned to you, your employer or the person that made the contribution, less any fall in market value and associated investment charges should the money have been invested.

If you cancel a pension transfer into your Pension Account it will be returned to the previous scheme or an alternative pension scheme of your choice (provided this meets HMRC rules), less any fall in value as a result of fees, charges and/or negative investment returns. Please be aware, the scheme that originally transferred the money is under no obligation to take the funds back.

Please ensure you discuss the cancellation with your Adviser, there may be other charges that you have agreed to pay your Adviser where the payment was not made by us and therefore cannot be refunded by us.

What if there is a conflict of interest?

Where we have a material interest in a transaction or a relationship with another party which may involve a potential conflict with our duty to you, then we will take all appropriate steps to manage that conflict of interest. This will be done in a way which ensures all customers are treated fairly. For further details of our conflicts of interest policy please visit <https://morningstarwealthplatform.com/legal-policies/>, alternatively you can request a copy from us or from your Adviser.

How would I make a complaint?

We hope you will never be unhappy with our service. If this does happen, your first step is to contact your Adviser to discuss your concerns, and we will aim to resolve them straightaway. Alternatively, you may contact us directly at the details below.

Is the Pension Account covered by the Financial Services Compensation Scheme ("FSCS")?

We are covered by the FSCS in respect of our administration of your Pension Account. If you have a valid claim against us and we are unable to meet our liabilities in full (for example, because we have gone into administration), you may be entitled to

compensation from the FSCS. The maximum level of compensation at time of writing would be £120,000 across all claims relating to us.

Your cash and investments are always held with Morningstar Wealth Administration Limited as custodian and therefore separate from our own accounts and from those of the investment providers. As such, your cash and investments are ringfenced and any insolvency practitioner appointed over our affairs should be obliged to return your cash and investments to you as part of our wind-down process.

If your investment provider fails, as long as you have selected one covered by the FSCS (and the investment documentation will tell you this), you may be eligible to claim on the FSCS in respect of their failure.

All the deposit takers the custodian uses to hold your cash are covered by the FSCS. If any such deposit taker we use fails, your cash remains segregated and you should be covered by the FSCS up to the prevailing rate (currently £85,000) for each separately authorised deposit taker (the limit relates to all of your savings with the banking licence holder not just your cash holding within the Pension Account), subject to eligibility for compensation.

For further information, please visit the FSCS website (www.fscs.org.uk).

Part 3: Full Terms and Conditions

Morningstar Wealth Platform

The terms and conditions set out below apply to all Platform services and Products. Your legal relationship with us is governed by these terms & conditions (the "Terms and Conditions") together with the application form you complete when you apply and our Schedule of Fees and Charges.

Section A: Platform Terms

In this section the words "we", "us" and "our" mean Morningstar Wealth Administration Limited as provider and operator of the Platform.

1. The Service

- 1.1. By signing your application form you have:
 - a. confirmed that you have appointed your Adviser as your agent in relation to your use of the Platform; and
 - b. acknowledged that each Manager has been appointed by you or your Adviser as Manager of the Model Portfolios you have selected with discretionary authority to buy, sell or otherwise deal in Assets in those Model Portfolios.
- 1.2. We may continue to rely on such authority of the Manager under b. unless and until your Adviser gives us instructions otherwise. We may continue to rely on such authority of your Adviser under a. unless and until you notify us in writing that they are no longer authorised to act for you.
- 1.3. We may receive and act upon instructions and communications from your Adviser including, but not limited to, requests for:
 - a. the payment and withdrawal of funds from the Platform.
 - b. selecting a new Model Portfolio or amending the weighting between them where more than one has been selected.
 - c. appointing a different Manager to manage your Assets; or
 - d. your personal details to be amended.

2. Our Details and Classification of you as Our Client

- 2.1. We are authorised and regulated by the Financial Conduct Authority and entered on the FCA register under registration number 463566. Our LEI number is 213800ZX7D4KYJ2W1948. Our address is 1 Oliver's Yard, 55-71 City Road, London, EC1Y 1HQ. These details can be verified on the FCA register by visiting the FCA's website at <https://www.fca.org.uk/firms/financial-services-register> or by contacting the FCA. The FCA's address is FCA Head Office, 12 Endeavour Square, London, E20 1JN.
- 2.2. We will treat you as a "retail client" which means you are entitled to the maximum level of protection under the FCA Rules.
- 2.3. You acknowledge that where your Adviser has, as your agent, entered into the agreement with the Manager for its portfolio management services, the Manager will treat your Adviser as their client rather than you. In these circumstances, the Manager is likely to classify your Adviser as a "professional client" which means that not all the regulatory protections afforded to retail clients will apply to your Adviser acting as your agent. In addition, you would lose access to the Financial Ombudsman Service in respect of the Manager's services.
- 2.4. We do not provide advice and are not responsible for your or the Manager's investment decisions. We only act on the instructions of your Adviser or the Manager.
- 2.5. Nothing in these Terms and Conditions seeks to restrict or exclude any obligation we may have under the FCA Rules.

3. How you can pay Money In

- 3.1. Funds received from you for investment via the Platform will be credited to your Product. We may specify minimum subscription or Product values and require your Product to be closed if these are not met.
- 3.2. You may pay money in by cheque or direct bank transfer. You understand that if you send cheques or documents by post, you do so at your own risk.
- 3.3. We reserve the right to refuse cheques that are payable to others even if they have been endorsed in your favour.
- 3.4. All bank transfers should include your individual Platform and Adviser reference numbers.

4. How we hold your Money

- 4.1. All cash held by us for you under the Agreement will be held as client money under the FCA Rules on the following basis:
 - a. we will place the cash into accounts with a UK bank.
 - b. all client money is held separate to our own money; and
 - c. unless specified otherwise, your cash will be co-mingled in the client money accounts with monies held for our other clients.
- 4.2. We will not be responsible for any acts or omissions of the bank with whom we open an account to hold client money.
- 4.3. If the bank becomes insolvent, we will have a claim on your behalf against the bank. If the bank cannot repay all its creditors, any shortfall may have to be shared pro rata between them. In this event, if there is a shortfall in one or more of our client money accounts, you will have to share that shortfall with the other clients whose cash is also held in that account.
- 4.4. Interest will be applied to cash balances held on your behalf at a rate determined by us, in line with the Cash Interest Policy. This includes details of the rates earned, paid and cash management charge, details are available at <https://morningstarwealthplatform.com/en-uk/legal-policies/>.
- 4.5. You are required to maintain a minimum cash balance on the Platform to meet all charges. Unless otherwise stated in the applicable documentation, the minimum cash balance required is (usually) 1% of the total value of your account. Should your cash balance fall below the required minimum we reserve the right, at our discretion, to sell investments held in your account without further notification to you or your Adviser to restore the minimum cash balance. We do not accept any liability if this sale is made at a disadvantageous time, has a material effect on the balance of investments within your Product, or if you incur any capital gains tax liability.

If your required cash balance has not been restored and there are insufficient investments held in your Product to cover any payments due, you will need to pay these charges directly.

- 4.6. We may from time to time offer a cash management facility under which a cash balance held on your behalf may be transferred to a specified bank and held as a term deposit under the following terms:
- You may make use of the facility by instructing us in writing.
 - We will transfer the amount you have requested into a term deposit account in the name of Morningstar Wealth Trustees Limited ("WTL"). WTL will hold the account on trust for you.
 - The funds transferred (together with any interest) will be trust property and held in an account with the relevant bank. We will arrange to return the trust property to the cash within your Model Portfolio on expiry of the fixed term.
- 4.7. WTL merely holds cash and arranges deposits as trustee to facilitate the cash management service we provide. As such, WTL is not authorised or regulated by the Prudential Regulation Authority (PRA) or the FCA and the cash it holds will not be treated as 'client money' under the FCA's Rules but will instead be governed and protected by trust law.
- 4.8. WTL is our wholly owned subsidiary, and we accept responsibility for its acts (or any failure to act). We also accept full responsibility for any obligations it may owe you if it becomes insolvent.

5. How we pay Money Out

- 5.1. You must provide us with your personal bank account details. We will make all payments to you directly to this account. We cannot make payments to third parties.
- 5.2. We will not issue a cheque (except in exceptional circumstances and only if previously agreed by us and on payment of an administration fee). If the cheque is not cashed within 6 months and is re-issued, we will deduct an administration fee of £25 from the amount paid out.
- 5.3. When we make payments to your bank, we will use the most recent account details provided by you. We will not be liable for any delays, losses or costs if you provide incomplete or incorrect details, or if you fail to advise us of any changes to your account details or your circumstances that may affect payments, we make to you.
- 5.4. In certain circumstances, we may hold client money for you which has been allocated to you but has not been claimed by you. We may cease to treat as client money any unclaimed balances after a period of six years and will pay the amount to charity. However, this will only happen if we have taken reasonable steps to trace you and return any balance to you and to determine that there has been no movement on the balance during this period (other than any payments or receipts of charges, interest or similar items). We will attempt to contact you at your last known address and will give you 28 days' notice of our intention to pay the money to charity, during which time you can get in contact and claim the money from us. We undertake to meet any valid claim upon the provision by you of information to evidence the validity of your claim.

6. How we keep your Investments Safe

A sub-custodian is a third party we appoint to safeguard and administer your investments and those of our other clients on our behalf.

A nominee company is a separate legal entity used by either us or a sub-custodian and which exists specifically to act as the registered owner of your investments and those of other investors.

- 6.1. We will be custodian of all your Assets, which will be recorded as held on your behalf.
- 6.2. We will arrange for your investments to be registered in the name of a sub-custodian or a nominee company in each case satisfying the requirements of the FCA Rules.
- 6.3. We accept liability if we are negligent in selecting or appointing sub-custodians. We will not, however, be responsible for the acts or omissions of any sub-custodian if chosen with due care and diligence. If a sub-custodian becomes insolvent, we will have a claim on your behalf against them for any loss suffered by you.

- 6.4. The safeguarding and administration of investments registered or domiciled in jurisdictions outside the UK may require the appointment of a sub-custodian. The settlement, legal and regulatory requirements in the relevant overseas jurisdictions may be different from those in the UK and Channel Islands, and there may be different practices for the recording of ownership of investments. The consequences for you of the insolvency of such a sub-custodian would depend on local insolvency laws and the effective segregation of investments by the sub-custodian.
- 6.5. We will not pool the investments we hold on your behalf with our own property. However, we may pool your investments with investments held for our other clients. Where pooling takes place:
- a. you shall be treated as the beneficial owner of such proportion as the number of your investments of the relevant type bears to the total number of investments of that type held; and
 - b. we have no obligation to redeliver the specific investments originally deposited but shall redeliver investments of the same number, class denomination and issue as the relevant investments originally deposited; and
 - c. any shortfall in the number of investments for which we are not responsible may have to be borne in proportion to your and our other clients' recorded holdings in the event we are not able to recover the full amount.

7. Execution and Settlement

- 7.1. Following instructions from your Manager, we will arrange for execution and settlement of investment transactions for the Model Portfolios you have selected. We do this in line with our 'Best Execution Policy'. A copy of our best execution policy can be found at Pension Account.
- 7.2. We will only be obliged to arrange a transaction if:
- a. we are holding sufficient cleared funds on your behalf to enable us to pay for the transaction; or
 - b. we are holding sufficient investments which we can transfer or sell to enable us to settle the transaction.
- 7.3. We will only be responsible to you for any investment purchased or the proceeds of sale of any investment on the Platform when and if we actually receive them.
- 7.4. For administrative purposes (rather than an agreement by us to make loans or investments available to you) we may:
- a. credit the receipt of investments (whether they are capital or income in nature) or cash to your Model Portfolio before their actual receipt; if we do so, we may reverse such credit at any time before actual receipt; and
 - b. debit the Assets of your Model Portfolio on or before the date they are due to be transferred to a third party even though actual settlement has not yet occurred; if we do so, we may reverse such debit at any time before actual settlement of a transaction.
- You accept that you may not rely on any such debit or credit until actual settlement of a transaction.
- 7.5. We may aggregate your orders or instructions with orders and/or instructions of our Associates or other clients. We will only do so if we reasonably believe that this is in the overall best interests of our clients. However, the effect of aggregation may operate on some occasions to your disadvantage.
- 7.6. Certain transactions may result in a fractional holding in investments. This may happen, for example, as a result of us aggregating your order with those of other clients placing an order in the same investment. Where a fractional holding arises, we will allocate it to the client with the largest holding of such investment.
- 7.7. By accepting these Terms and Conditions, you consent to our 'Best Execution Policy' and acknowledge that it may be amended from time to time. You also agree that we may execute transactions on a market that is not a regulated exchange, multilateral trading facility or organised trading facility in the United Kingdom or European Economic Area.

8. Corporate Actions and Income

A “corporate action” is an event which results in material changes to a stock. This would include events such as takeovers, reorganisations, bonus or rights issues, name changes, liquidations and so on.

The event is usually decided on by the company’s board of directors but may require approval by shareholders. So, you as a shareholder through your investments on the Platform may be affected and may be able to vote. As such, we may need to notify you from time to time of such corporate actions.

- 8.1. We will notify your Manager of any corporate actions, but we will not be responsible for taking any further action in respect of these matters unless provided with express instructions from your Manager within the time limit, we specify.
- 8.2. We will not exercise any voting rights on your behalf. Nor will we notify you of any annual general meetings.
- 8.3. We will always apply dividends to your account in cash.
- 8.4. We will collect and process income and other benefits arising on your investments and may deduct from income received such sums which in our reasonable opinion are required to be deducted or withheld or for which we are liable or accountable under the law or practice of any relevant authority in any jurisdiction.
- 8.5. Income will be credited to your Product within 10 days of receipt of cleared funds and a valid tax voucher where applicable.

9. Withdrawals

- 9.1. If permitted by the terms of the relevant Product you or your Adviser may, by writing to us or instructing us via the platform make cash withdrawals from your Product.
- 9.2. Investments may be sold to satisfy your request for a cash withdrawal.
- 9.3. Each client must hold a minimum of £3,000 in Assets on the Platform. If you instruct us to withdraw Assets that will take you below this minimum, we reserve the right to refuse the instruction or to bring our relationship with you to a close.
- 9.4. We may reject any requests to partially withdrawal over 95% of the value of your Assets on the Platform or instead treat your request as an instruction to bring your relationship with us to a close.

10. Statements and Reports

- 10.1. We will provide you with a quarterly statement. We will provide such statements to your Adviser on your behalf unless you ask us not to.
- 10.2. We will provide you with a starting valuation statement for your Assets at the start of the Agreement.
- 10.3. You agree that we may send any and all information, statements and reports to your email address and/or provide access to copies of them online via your Platform.
- 10.4. There is a shared responsibility between you, us and your Adviser to review your information on the Platform, statements and other communications from us and notify us promptly of any discrepancies you believe there may be.
- 10.5. Unless we tell you otherwise, the value of investments held in your Model Portfolios and reported to you in your valuation statements will be determined in accordance with our fair pricing procedures. This means we will use the latest available closing price for investment as quoted by a reputable market data supplier as at the date of valuation. Where an investment is suspended or in liquidation and where we believe accurate pricing information is not available, we will use reasonable endeavours to determine a fair market valuation. More information on the suspended asset process can be found at Pension Account.
- 10.6. We may from time to time provide your Adviser with reports detailing your chargeable gains or allowances for the purposes of assisting your Adviser or other adviser in advising you in relation to your UK capital gains (where applicable). You acknowledge and agree that the accuracy of any such report is dependent

upon, amongst other things, the information we receive from third parties and may not represent a complete set of information relevant for your personal tax reporting. All such reports are provided for information only.

11. Trade and Transaction Reporting

- 11.1. We may be obliged to make information about certain transactions public and will meet that obligation in accordance with Applicable Law.
- 11.2. We may be obliged to report details of transactions and details about you to a regulator, pursuant to Applicable Law. You agree to provide us, prior to the execution of a transaction, with the required information to enable us to meet our reporting obligations.

12. Instructions and Communications

- 12.1. We will treat an instruction or communication as genuine if we believe in good faith that it came from you or any authorised person (for example because it appears to have been signed by you or an authorised person or the security procedures have been completed).
- 12.2. Instructions and communications are effective when we receive them in English. We will not generally acknowledge receipt of instructions other than by acting on them.
- 12.3. You may need us to act on a communication before a deadline. We will not be liable for any failure to meet a deadline where clear instructions are not received from you within a reasonable time before the deadline.
- 12.4. You agree that any standing instruction or communication we receive will remain in effect until we receive a written cancellation or replacement instruction which we may require to be in writing, signed by those authorised to do so.
- 12.5. Instructions and communications must be received by 3.00pm in order to be processed the next Business Day.
- 12.6. Please note that our offices will close at 2.00pm on the Business Day immediately preceding Christmas Day and on the Business Day immediately preceding New Year's Day, and on each such day instructions and communications must be received by 12.00pm. Any instruction or communication received after that time shall be deemed to be received by us on the next following Business Day.

13. Refusing Instructions

- 13.1. We can refuse to act on any instruction or communication if we reasonably believe that:
 - a. it is not clear, does not satisfy any requirements that apply or was not given by a person with the authority required.
 - b. by acting on it, we might break Applicable Law.
- 13.2. We may at our sole and absolute discretion (on reasonable grounds) and without giving any reason or being liable for any loss that may be occasioned thereby, defer, delay or refuse to act on your or your Adviser's instructions.

14. Instructions from your Adviser

- 14.1. You request and authorise us to act on instructions or communications given by your Adviser without reference to you and we may disclose details about your Assets to them.
- 14.2. We can continue to act on instructions and communications from your Adviser until we receive written notice from you that they are no longer authorised to act on your behalf.
- 14.3. We will require you to appoint a successor Adviser that has Terms of Business with us in order to continue using the Platform. If you do not have a currently authorised Adviser and Manager in relation to the Platform, there may be circumstances in which we are unable to arrange investment transactions for you other than as a consequence of a request to withdraw funds. If you do not appoint a successor within 3 months from the date of notification, we will advise you of the termination of the Agreement under clause 27 (Termination).

- 14.4. If you change or cease your relationship with your Adviser, we need to be notified as soon as possible. We may suspend dealing on your behalf until we have confirmation of the authority of a new Adviser to act for you and we will not be liable to you for any loss that results.
- 14.5. If you change or cease your relationship with your Adviser, we will usually stop paying a fee to the Manager. We are not aware of the nature of the relationship between your previous or current Adviser and the Manager and will not be liable to you if we freeze trading or cease paying fees to the Manager. Upon an instruction from you or your new Adviser we will recommence trading and reinstate the fees payable to the Manager.
- 14.6. We are not obliged to agree to enter a relationship with your new Adviser. If we decline to do so, you may have to transfer to another platform provider. There may be charges associated with this.

15. Errors and Limits of Compensation

- 15.1. We only act on the instructions of you, your Adviser and your Manager. You, your Adviser and your Manager are responsible for checking that we have carried out your instruction(s) correctly.
- 15.2. There is no ability to claim for losses in association with an instruction which was requested to be used or potentially used for another transaction or investment in whatever form which is not on the Platform.
- 15.3. There is no ability to claim for losses in association with an instruction which had not been received by us unless the failure to receive the instruction was as a result of our negligence.

16. Access to the Platform

- 16.1. We may give you access to the Platform. However, we reserve the right, in our absolute and sole discretion, to prohibit or restrict access to it (or any part of it), at any time and without notice and without any obligation to give reasons.
- 16.2. If we do agree to any request to give you access, we may grant access:
 - a. to all or part only of the Platform, its functionality and the information relating to your Assets; and/or
 - b. subject to such additional terms and conditions as we may see fit.
- 16.3. You will be responsible for and must provide at your own cost all software, telephone, internet connectivity and other equipment necessary to access the Platform (including an internet browser compatible with the Platform) and any relevant third-party licences and/or consents required.
- 16.4. We issue all registered users of the Platform with unique passwords and user identification. We will treat any person using the correct password and user identification as duly authorised to access your information held on the Platform.
- 16.5. Section B: Morningstar Wealth Platform Pension Account

This section contains our terms and conditions for investors who wish to open a personal pension on the Platform. Our personal pension is operated by Morningstar Wealth Retirement Services Limited ("the Pension Account"). These terms apply alongside the Investor Terms provided. You should read this document carefully and then keep it safe for future reference.

In this section the words "we", "us" and "our" mean Morningstar Wealth Retirement Services Limited as operator of the Pension Account.

1. The Pension Account

- 1.1. The Pension Account is a UK registered pension scheme, established under the Finance Act 2004 for the sole purpose of providing pension and lump sum benefits for eligible individuals.
- 1.2. The operator of the Pension Account is Morningstar Wealth Retirement Services Limited. We are authorised and regulated by the FCA and entered on the FCA register under number 462660. These details can be verified on the FCA register by visiting the FCA's website at <https://www.fca.org.uk/firms/financial-services-register> or by contacting the FCA. The FCA's address is FCA Head Office, 12 Endeavour Square, London, E20 1JN.
- 1.3. The Pension Account is subject to a trust. The trustee is Morningstar Wealth Retirement Trustees Limited. The trustee merely owns the cash and Assets within the Pension Account; it does not need to be regulated by the FCA to do this. The Pension Account is administered according to the trust deed and rules (which are available on request from us), these Pension Account Terms and Applicable Law.

2. Eligibility

- 2.1. By applying for our Pension Account, you confirm that you are eligible for a Pension Account. You cannot open a Pension Account jointly with anyone else. You are eligible to open a Pension Account if you are:
 - a. aged 18 or over; and
 - b. invest through the Platform.
- 2.2. We may in our absolute discretion accept or refuse an application for a Pension Account.
- 2.3. We may ask you to provide proof of your status and eligibility for a Pension Account before we accept your application.
- 2.4. We may, at our sole discretion, accept applications for a Pension Account from individuals under the age of 18.
- 2.5. The Pension Account is open to investors who are not resident in the UK subject to certain conditions.
- 2.6. The Pension Account may not be suitable for investors who are not resident in the UK, and/or may not be accessible due to regulations in force in their place of residence. You should check with your Adviser prior to making an application.
- 2.7. You must write and tell us if you cease to be eligible to hold your Pension Account in the future.

3. Opening a Pension Account

- 3.1. If you wish to open a Pension Account for the current tax year, your application together with the funds must be received by us not later than five Business Days before the end of the tax year (5 April of each year). This is due to the time required for the instruction to be processed and your funds to be cleared for investment.
- 3.2. If you wish to ensure that the first contribution via Direct Debit into your Pension Account is made in the current tax year you must ensure your application is received by us by the 25 February in that year. Applications received after will be processed as soon as practicable, but the first payment may not be collected until after 5 April, in which case your Pension Account contribution would fall into the next tax year.

4. Contributions

- 4.1. Contributions into your Pension Account can be made by you, your employer or a third party on your behalf.
- 4.2. There is no maximum contribution; however, the Annual Allowance applies and any contribution that is in excess of the Annual Allowance may attract a tax charge.

- 4.3. Personal contributions in excess of your UK taxable earnings or £3,600, whichever is greater, will not attract tax relief.

Your “Annual Allowance” is the most you can save into your pensions in a tax year (6 April to 5 April) before you have to pay tax. Any contribution that is in excess of the Annual Allowance may attract a tax charge.

It is possible to carry forward unused portions of the Annual Allowance for the previous three tax years.

You should seek confirmation of the current Annual Allowance prior to making a contribution.

- 4.4. Member contributions are traditionally made on a 'net basis'. This means that the contribution is paid net of basic rate tax. We reclaim the basic rate tax from HMRC, which is then paid into your Pension Account. Any higher rate relief which is due can be reclaimed by you through your Self-Assessment Tax Return, or in a PAYE coding change.
- 4.5. Tax relief on net member contributions is not available where the member is older than 75 years.
- 4.6. We and the trustee accept no liability for any tax charges or penalties resulting from contributions made to your Pension Account which are not eligible for tax relief.
- 4.7. We will not claim any tax relief on contributions made by your employer.
- 4.8. Before making a contribution to your Pension Account, you should discuss it with your Adviser.

5. Transferring an Existing Pension

- 5.1. We accept transfers in cash into your Pension Account from other UK registered pension schemes, recognised overseas pension schemes and pension credits. All other requests for transfers in will be reviewed at our discretion.
- 5.2. Transfers may be made before or after you have started to take your retirement benefits.
- 5.3. In order to transfer in an existing pension, you should ensure that the trustees of the existing scheme will allow a transfer out and agree to meet all costs and charges applicable to such a transfer.
- 5.4. We may, acting in our sole discretion, accept transfers in the form of assets other than cash.
- 5.5. Morningstar accepts no liability for any penalties, charges or liabilities arising from the transfer of benefits from an existing scheme.
- 5.6. Transfers in from another pension scheme to your Pension Account do not affect your Annual Allowance.
- 5.7. We strongly recommend you seek advice from your Adviser before transferring your pension.  - a. A lump sum death benefit: Subject to Applicable Law, we will pay out the total value of your Pension Account as a lump sum, subject to the Lump Sum Death Benefit Allowance.

- 8.1. The exemption from tax shall terminate automatically on the death of the child. Proof of death of the child will be required before the JISA can be closed.
- 8.2. Any subscriptions made after the date of death are not valid subscriptions to the JISA. Where a child dies, the interest, dividends or gains in respect of investments in their JISA which arise after the date of death to the date of closure are not exempt from tax.
- 8.3. The JISA will remain invested until valid instructions are received from the child's personal representatives. On receipt of valid instructions from the child's personal representatives, subject to any verification we may reasonably require, we can have the JISA investments transferred to the personal representatives (or a beneficiary), or we can sell the JISA investments and pay the proceeds to the personal representatives (or a beneficiary).
- 8.4. Where a terminal illness claim is made on behalf of a child and is agreed by HMRC, the Registered Contact must provide us with a copy of the HMRC letter before we can allow any funds to be withdrawn. Funds can be released to the Registered Contact in whole or in part and can be paid as cash or in the form of Assets.

9. Child's 18th Birthday

- 9.1. Prior to the child turning 18, we will contact the Registered Contact to set out the terms on which the JISA can be administered following the child's 18th birthday and to outline any future options available to the child.
- 9.2. When the child turns 18, the JISA will become an ISA. This will remain invested in accordance with the Registered Contact's investment instructions, until instructions (together with such evidence of identity as we may reasonably require) are received from the child for the distribution or transfer of the JISA Assets or cash.
- 9.3. We will write to the child on their 18th birthday to outline the options available to them. In all cases, the child will need to complete an ISA application form.
- 9.4. On receiving the child's (at 18) instruction, and within such time as stipulated in their instruction, we will withdraw all or part of their JISA investments, interest, dividends, rights or other proceeds in respect of the JISA investments, as well as any cash and either transfer them to the child or, if they direct us to sell their investments, pay the proceeds of sale to them as well as any cash.
- 9.5. After the child's 18th birthday, we will continue to deduct our charges in accordance with this Agreement. Adviser Charges will continue until a request to remove or cease paying them has been given to us.
